

WAG REGIONAL GRADES

Your daughter has been selected for our Regional Grades squad. These gymnasts aim to compete in three to four competitions a year at County and Regional level.

At this level we do ask for full commitment when accepting a place and if your child wants to improve, attendance is vital as each session helps to improve strength and consistency in their skills.

Arriving on time is also important as gymnasts warm up and condition early on in the session. Poor attendance may unfortunately result in you being asked to train with a different group that requires less commitment. We ask that your daughter is available for all competition dates and again, if there are multiple absences, you may forfeit their place in the competitive squad.

Fees, Competition Entry and Levy

At Park our aim is to help subsidize those gymnasts who train multiple hours. The rate per training hour reduces as training hours increase.

For details of current fees please contact the office.

In addition to fees, as part of a competition squad you are required to pay an annual competition levy, currently £35.00. This is to help pay for coaches and judges attendance at the competitions and all the additional expenses incurred.

Individual competition entry fees will also apply.

Competition Kit

Full Park Wrekin competition kit is mandatory to compete at this level. All kit can be purchased from the kit shop (please note this is not required for training).

Gymnasts should train in leotards, no crop tops and leggings are permitted.

If you have any questions please feel free to email the Club.
